

Django-Python Full-Stack Software Developer

Location: Remote Work(Employee or Contractor)

Duration: Full Time Position

Experience: 3 to 10 years full time experience

igolgi, celebrating its 14th year of innovation, develops industry leading video processing software products. igolgi technologies span a wide range from video encoders for Broadcast television markets, to video analytics and machine learning for security applications. Our workplace is entrepreneurial, where we encourage ideas, strong teamwork in a learning environment, and reward initiative.

Position

igolgi is seeking a qualified full-stack web developer for full time employment. The candidate will be responsible for UI and API development for our video processing products. The candidate will design and develop interactive, multi-channel, innovative video management systems, media players, software control systems, and underlying components.

Job Duties

- Design, implement and test UI and API software components for igolgi products
- Follow programming process and practices of igolgi software development
- Coordinate with team members to meet schedules and requirements
- Contribute to igolgi product feature innovations and product definitions
- Identify bottlenecks and bugs. Devise and implement solutions to these problems
- Help to maintain code quality, organization, and automation
- Other duties as assigned

Qualifications

- Bachelors/Masters in Computer Science or equivalent
- Strong Django-python development skills and prior experience required
- Python, PHP experience a plus
- Nginx/Apache deployment of Django-python on Ubuntu/CentOS Linux expected
- Experience building a PostgreSQL/MySQL-backed web front-end expected
- Angular or React experience a plus
- Knowledge of code revision control via git required
- Ability to work well both independently and in a team environment
- Good written and oral communication skills

Benefits

- Employee or Contract Position Depending on Candidate
- 25 Paid Holidays/Vacation
- Health, Dental and Vision insurance (employee)
- IRA retirement plan with 3% company match(employee)
- Incentive Stock Option Plan and bonuses

Interested candidates should send their resumes and contact information to jobs@igolgi.com. Please include the URL to your github repository to showcase past projects.
